PROFESSIONAL SUMMARY

Frontend Engineer with 4+ years of experience building scalable, production-grade web applications in fintech and logistics using React and Next.js. Skilled in frontend architecture, cross-functional collaboration, and delivering reliable, maintainable code across complex product environments.

WORK EXPERIENCE

Frontend Developer · Breakfast

Jun 2025 – Present

- Built and maintained internal systems supporting order fulfillment and logistics workflows, delivering new features, enhancements, and new modules end-to-end.
- Worked within an Agile environment, participating in grooming and sprint planning sessions to deliver work iteratively.
- Ensured code reliability through Jest unit tests and Playwright end-to-end tests.
- Investigated and resolved production bugs, maintaining system stability and minimizing user-facing issues.
- Collaborated closely with backend developers, designers, QA, and product managers to deliver features end-to-end.
- Rated 'Exceeds Expectations' across all performance categories in the H2 2025 review cycle.

Frontend Developer · Arab African International Bank (AAIB)

Oct 2022 – Jun 2025

- Worked across multiple fintech product squads, building and maintaining secure, scalable web applications using React and Next.js.
- Owned frontend architecture on greenfield projects, defining component structure and making key technical decisions independently.
- Guided junior engineers through code reviews, task management, and architectural direction.
- Collaborated with backend and security teams to deliver compliant and secure API integrations.
- Wrote comprehensive project documentation and supported onboarding of new team members.

Junior Software Developer · National Company for Software and IT (NTG)

Mar 2021 – Mar 2022

- Developed and maintained web applications in the e-learning domain using React and JavaScript.
- Converted UI/UX designs into production-ready, responsive frontend code.

FREELANCE PROJECTS

Frontend Developer · Tanasuq Medical — Saudi Arabia

2025

- Bilingual (AR/EN) mental health platform for a Saudi clinic — telehealth, outpatient services, and therapy programs. Next.js, TypeScript, Tailwind CSS, i18n — tanasuq.med.sa

Frontend Developer · Legal Safe — Saudi Arabia

2026

- B2B2C legal and accounting marketplace with multi-role dashboard covering service requests, provider onboarding, and order tracking. Next.js, TypeScript, Tailwind CSS — legalsafe.sa

Frontend Developer · Government Entity — Abu Dhabi, UAE

2024

- Large-scale internal dashboard for a government entity in Abu Dhabi, handling user management, service tracking, and workforce enablement. Next.js, TypeScript, Tailwind CSS, REST APIs

INTERNSHIPS & TRAINING

MERN Stack Intern · Arab African International Bank – ITI Academy Track

Mar 2022 – Aug 2022

- Built React UI components, managed application state with Redux, and integrated REST APIs using Axios.
- Contributed to full-stack MERN application development as part of a structured internship program.

Web Developer Intern · Arawinz Software Company

Jul 2019 – Sep 2019

- Gained hands-on experience building and maintaining web applications using HTML, CSS, JavaScript, and jQuery.

TECHNICAL SKILLS

Frontend: React, Next.js, TypeScript, JavaScript (ES6+)

State Management: Redux, Zustand, React Query

Styling & UI: Tailwind CSS, Material UI, Shadcn/ui, Bootstrap

Testing: Jest, Playwright

Tooling: Vite, Webpack, Git, Firebase, SonarQube

Practices: Agile / Scrum, Atomic Design, REST API Integration, CI/CD

EDUCATION

Bachelor of Business Information Systems · Faculty of Commerce, Helwan University

2016 – 2020

CERTIFICATIONS

- Udacity Nanodegree — Advanced Full-Stack Web Development (FWD Scholarship)
- Udacity Nanodegree — React Development
- Udacity Nanodegree — Front-End Web Development Professional
